

A Data sources and analytical roles

Acute GBS blood

Cross-cohort consistency

GSE211225 · whole blood
GSE31014 · leukocytes
PRJNA1293757 · PBMC

GBS CSF

Published proteomic evidence

PXD002911 · proteo-peptidomics
Complement proteomics
TMT and Olink studies

CIDP peripheral nerve

Donor-resolved cell states

GSE285983 · sural nerve
GSE107574 · BNB reference
CIDP versus CIAP

CIDP genetics

Published genetic evidence

Female-stratified GWAS
MR and colocalization
Cell-context localization

B Complementary evidence layers
